# YOUR LEADERSHIP VOICE

**Effective leaders have a strong, identifiable and distinct voice that sets them apart from others.**

**Your leadership voice is your way of doing things, your expertise and how it is communicated - it's your brand.**

***“To act with integrity,  
you must first know who you are.  
You must know what you stand for,  
what you believe in, and what you care most about. Clarity  
of values will give you the confidence  
to make tough decisions, act with determination, speak your  
truth and inspire others.”***

# CORE VALUES...

- **Are like an internal navigation system and are often called guiding principles.**
- **Form the solid core of who you are.**
- **Underlie your work - how you interact with others and how you go about your work.**
- **Are the practices you use every day in everything you do.**

# VALUES DISCOVERY

**Choose three values that you believe are most important to your role and responsibilities as a leader.**

- ✓ **Circle 10-15 words and narrow it down from there.**
- ✓ **Think about the times you felt most effective and engaged as a leader.**
- ✓ **Think about the times you felt most frustrated and/or ineffective.**

# VALUES JOURNALING

- **Why did you choose this value?  
Why is it so important?**
- **What actions and behaviors demonstrate this value?**
- **What conflicts arise for you from this value?**

**A credo is a statement of beliefs and principles that guide your actions.**

# MY LEADERSHIP CREDO

**I will lead each day with...**

(your three chosen core values)

**So that...**

(what living these values will contribute)

**I will do this by...**
